

For full details on all our ranges please visit our website at www.groundhog.co.uk

GPO600 Fusion

The Groundhog **GPO600** Fusion range of Mobile Office Welfare Unit is ideal for flexible on-site applications, not only for worker welfare, whilst offering a separate, private office area too.

The fully galvanised twin axle GPO600 offers the robustness and ease of use of the Groundhog GP360 whilst providing the added versatility of an office space.

The GPO600 mobile welfare office offers cost savings as the warm water and heating is supplied by an on board system which does not require the generator to run. The generator will only be required for microwave and kettle.

- > Warm water supplied by an on-board heating system
- > Air blown heating system
- > Spacious, well equipped Canteen / Seating Area
- > Comfortably sits up to 6 people
- > Separate office space
- > Secured in less than 3 minutes
- > High security doors and windows
- > Meets HSE & CDM requirements
- > Removable low level lifting eyes
- > Fully galvanised chassis
